

Viva la travolution!
No Claims CashBack heralds a new dawn for travel insurance

London, 24 January – Rejoice comrades! No longer will we toil under the oppressive yoke of travel insurance that gives nothing back when we do not claim! Today, brothers, the No Claims CashBack revolution begins!

While the revolution might not be televised, it's alive and kicking on the web. No Claims CashBack (www.noclaimscashback.com) is a brand new concept in travel insurance. It's a simple proposition – take out travel insurance with No Claims CashBack and, if you don't have a mishap or make a claim while you're away, you get a percentage of the policy back when you return from your travels.

We've all heard of a no claims discount – money off your insurance renewal when you don't make a claim. A great idea in theory, it's a little harder to apply to travel. For those of us who scrimp and save to make our holidays the highlight of the year, booking the next one straight after returning usually leads to some interesting calls from our credit card company.

So instead, with 94 per cent¹ of travellers and holidaymakers not claiming on their insurance policies, the brains behind No Claims CashBack came up with a great way to get some of your money back in your hands. Better yet, policies offer comprehensive cover while you're away, and are priced competitively to offer you a great deal – and that's even before the potential cashback discount.

The quick and easy-to-use service works like this:

- Purchase your travel insurance with No Claims CashBack, relax and enjoy your holiday reassured you have high quality cover in case of any mishaps
- Return home safely without needing to claim on your policy
- Between 30 to 60 days after you return, you can claim your cash back bonus by entering your schedule number and postcode
- See your money going back in your account – as much as 39% of the original policy charge

¹ Claims figures taken from historical claims data from the Columbus Insurance Group

Rob Thomas, people's representative of the No Claims revolution, said: "There are so many people who don't make a claim while they're away, and we know that an unused travel insurance policy can feel like 'dead money'. We've decided to offer an alternative – the chance to get some of your cash back when you return, so that you can benefit from being a safer traveller."

ENDS

Notes to Editors

No Claims CashBack is operated by the Collinson Group; an established and respected business in the travel market, and a specialist insurance intermediary. No Claims CashBack is a trading style of Astrenska Limited.

Unfortunately, the revolutionary nature of No Claims CashBack isn't for everyone. To take out cover with No Claims CashBack, you'll need to be an individual or a couple (no family policies are available), under 50, and aged 16+. You'll also need to be taking a single trip, as we don't offer annual policies.
